Sub: Deferring Coal Stock Measurement and engaging Local teams in view of 2nd wave of Covid-19

Dear Sir,

CIL is relentlessly working towards meeting energy needs of the country even under compelling Covid-19 pandemic. All employees are able to perform their duties by restricting their movements to bare minimum around their area of working.

Coal Stock Measurement, and various cross-checks in it, is an essential operation which has to be performed annually for which various teams are formed by drawing personnel from varying subsidiaries to achieve impartiality.

We at AIACE request you to defer the stock measurement by a few days and rearrange the teams such that personnel from a particular region only can be grouped for the purpose. Thus, inter-state movements would be avoided and proper guidelines varying from state to state can be properly adhered to.

Regards,

P. K. Singh Rathor
Principal General Secretary, AIACE
