Sub: Request to form Control Room(s) at Company HQ level for tackling spread of Covid-19

Dear Sir,

The efficiency of manpower is under stress due to recent spurt of cases arising out of Covid-19 pandemic. It has more or less cramped the working in entire CIL and its various subsidiaries. In this month itself, many employees and executives and their family members have lost their lives and many are still struggling for life. A large number of manpower and their family members have tested positive for COVID-19 in the recent time and are under Home Quarantine/Admitted in Hospitals for treatment.

It is heartening to note that doctors & paramedics of CIL are working tirelessly against #COVID19 at its 37 hospitals & clinics in 8 states of India. Working with selfless determination & by risking their own lives, they are truly are our Heroes in these challenging times.

Even the manpower engaged in Ministry of Coal, New Delhi is also similarly fighting against odds. It is heartening to learn that Coal India Ltd has agreed to provide logistic support to the ministry for establishing to create a 'COVID Monitoring Cell' in the Ministry to help the officers/officials working in the Ministry and their family members,

Newspaper reports suggest that the Ministry of Coal has also appointed two officers as nodal officers to the COVID Monitoring Cell. These two officers are Sanjib Bhattacharya, who is functioning as Under Secretary in the Ministry of Coal and can be reached at (+91) 9213835373, and Sunil Kumar, who is currently working at CIL's Delhi [office](#) and can be reached at (+91) 9811553855. We at AIACE feel that it will be in the best interest of employees of CIL, to extend the operation of above control room and link it with similar control rooms to be established at CIL-HQ and Subsidiary levels. This will be of a great relief to all and with assured care for individual and family needs, all will devote increased time and effort to uplift CIL.

In anticipation of a favourable decision from your end,

With Regards,
